FIRST BASEBALL GAME OF SEASON TOMORROW

Strong Fort Bragg Aggregation to Give Ukiah Stiff Opposition

The opening baseball game of the season for the Ukiah team will be played on the Ukiah diamond tomorrow. The locals will have as opponents the strong Fort Bragg team, rather stiff opposition for an opening game, but the locals are on their toes and have a pretty strong line-up themselves.

Hansen, ex-Seal player, will be on the mound for Ukiah, with Rockey pitching for Fort Bragg. On the receiving end Ukiah will have Lawson, last year's Arcata catcher, one of the best in the bushes. With Jimmy Busch, Standford university shortstop, playing that position for his home town team, the lineup for these three places is as strong as it could be made.

Then there is Glenn Pool, the old reliable, playing at first; Bev Broaddus at second, and Grilli at third. In the outfield Souze covers center, Ottoson right and Lockhart, veteran of a thousand encounters. will be at left. There will be plenty of strength in reserve with Hitchcock, Allenby, Hull and Thompson on the bench.

The game ought to be a whirlwind, as Fort Bragg will have her oldtime bunch of hard fighting, hard slugging ball players, backing Rockey up with all that is in them.

HIGH SCHOOL TEACHER IS SHOT ACCIDENTLY

Gus Gerson, athletic instructor of the Ukiah high school, accidentally shot himself in the hand with a revolver the early part of the week. Gerson had broken the weapon, loaded it with blank cartridges and was in the act of closing it again when it went off. The charge entered the palm of his left hand and it is stated that powder marks were visible under the skin on the back of his hand, where the grains of powder and the wadding were blown through the flesh.

He went to San Francisco to receive treatment.

FINED $400

Oswald L. Pinches, of Laytonville, entered a plea of guilty to a charge of selling intoxicating liquor this week and was sentenced to pay a fine of $400 by Judge Hoffman, with the alternative of a jail sentence. He was given 15 days stay of execution in order to give him an opportunity to raise the amount of the fine.

Attorney Robert Duncan was here from San Francisco yesterday on business before the superior court.

BODY OF UNKNOWN MAN FOUND IN LONELY SPOT

Cattle Man Makes Gruesome Discovery While Riding Range

WILLITS, Apr. 26.—Last Sunday morning while Deed Wimmer was looking for stray cattle up on the old Woodland ranch, he discovered the remains of an unknown man who had been dead for some six or eight weeks.

Deputy Coroner L. P. Anker was called, and removed the remains to the Anker & Cleland mortuary parlors in Willits. Monday morning an inquest was held, at which time the coroner's jury brought in a verdict of death from unknown causes.

The man had evidently been following the power line from Willits to Potter valley, or from Potter valley to Willits, and had stopped to rest. The body was found about one mile up the road from the Woodland ranch house, not over ten feet off the road.

He had piled up a small ridge of stones about two or three feet long and ten inches in height, and had laid down between this ridge and a large rock some five or six feet high, apparently to get shelter from the wind. This road is little used and the man evidently was not familiar with the country. There was no signs of violence on the body, although the remains were so badly decomposed that it was impossible to tell the exact cause of death.

There were no identifying marks on either the body or the clothing. The man was apparently about 25 years of age, light brown hair, about five feet six or seven inches tall. He wore tan shoes with Goodyear rubber heels, kahki trousers, a knit sleeveless sweater under a checked cotton shirt. He had two gold crowns at and least one pivot crown in the upper jaw, which offers the only definite clue to his identity. Several people have reported missing persons to the authorities but none of them have yet been able to identify the body found here.

Mr. and Mrs. Robert Duncan were visitors in Ukiah one day this week. Mr. Duncan was up in the interests of the Heyden estate.

SWIM POOL CAMPAIGN IS MEETING GENERAL FAVOR

The campaign to pledge funds with which to build a swimming pool for Ukiah has been going forward this week and the solicitors state that they are meeting with very gratifying success. About seven out of ten people approached are signing pledges and it begins to look as if the necessary $3000 will be raised without much trouble and without resort to intensive methods.

MAURICE McNAB KILLED IN AUTOMOBILE CRASH

The heartfelt sympathy of friends of John L. McNab throughout Mendocino county goes out to him in full measure on account of the death of his son, Maurice, which occurred as the result of an automobile accident at Mayfield Thursday night.

The first news of the tragedy was contained in a telephone message to the McNab ranch here yesterday morning. No details were given, but according to a late edition of the San Francisco papers reaching here yesterday at noon, the accident happened at about 2:00 o'clock yesterday morning, when young McNab's car crashed into a telephone pole at Mayfield. With him in the car was John Bohm, of Palo Alto, who was practically unhurt.

McNab was thrown out of the car and struck headfirst, being killed instantly.

Maurice McNab was a fine young fellow, bright, clean and upright and gave promise of developing into a splendid man. The friends of the family are shocked and grieved beyond expression and sympathize deeply with the family.

TRAIN CHANGES RUMORED

It was reported in railroad circles here this week that when the Northwestern Pacific enters upon its summer schedule trains numbers five and six will tie up at Willits instead of Ukiah. Number five is the train which leaves here at 11:15 and six is the train arriving here from San Francisco at 7:33.

It is also reported that the stopover point for the crew of the night freight will be moved from Cloverdale to Ukiah.

BIG CROWDS ATTEND NEW STATE OPENING

The largest crowds that have ever attended a similar affair in Ukiah were out last Thursday evening to congratulate George Mann and to view the interior of the "new" State theatre. Many beautiful floral pieces were sent by friends of the State's owner, and he was the recipient during the evening of numerous expressions of good will.

The State is now easily the most beautiful and best appointed theatre in the north-bay section and it is greatly to the credit of Ukiah to be able to make this boast.

LEGION URGES BIG VOTE

The American Legion, Department of California, is appealing through posts scattered throughout the state, to the citizens who are properly registered to get out and vote at the presidential primaries, held on Tuesday, May 1. Cups have been offered to posts situated in the communities wherein the highest per cent of registered voters cast their ballots. Every voter should exercise the privilege of selecting delegates to the national party conventions where the presidential standard bearers will be nominated as a heavy vote will be an expression of our faith in the democracy of our government.

The members of Lewis White Post of Ukiah are urging all voters to go to the polls and vote. Help them win a cup by casting your ballot.

FORT BRAGG CONSTABLE CONVICTED ON CHARGES

Bert Johnson Faces Eviction from Office as Penalty of Verdict

Bert Johnson, constable of Ten Mile township, which includes the city of Fort Bragg, was convicted by a jury in the superior court last Thursday of the charge recently placed against him of extorting exorbitant fees for his services. The penalty for the act is removal from office.

The jury took the case Thursday morning and the verdict was returned on the fourth ballot.

Five counts were charged against Johnson and he was convicted of all five.

District Attorney Gibson handled the case in a masterly manner and his presentation of the evidence and his argument were both well managed.

Attorney and Mrs. M. H. Iversen spent last week end at Anderson valley.

GEORGE CLARK CONVICTED ON BOOZE SALE CHARGE

Well Known Longvale Merchant Found Guilty by Jury, Tues.

George Clark, well known merchant of Longvale, was convicted of selling intoxicating liquor by a jury in the superior court last Tuesday morning. The case went to the jury Tuesday evening. The jury remained out all night and reached an agreement at about 9:30 the next morning. Clark will be sentenced today.

The defendant was charged with three counts and the jury convicted on one. The first two sales were alleged to have been made on the 4th of April, but Mrs. Emile Kauffman and Mrs. May Douglass, witnesses for the defense, testified that Clark was absent from the store at the time these sales were alleged to have been made.

The third sale was alleged to have been made on the 6th of April. Clark himself took the stand and testified that, while he had obtained a bottle and treated the undercover men, he had merely done it as an accommodation and that he did not sell it, although accepting payment for a round of drinks. His acceptance of money for the drinks, however, proved his undoing with the jury.

Clark has been arrested several times on similar charges but this is the first time he has ever been convicted.

District Attorney Gibson handled the case in a very aggresive manner and his address to the jury went a long way toward nullifying the defendant's defense of having furnished the booze as an accommodation.

For the past eight or ten years he has spent most of the time in southern California, principally at Los Angeles and El Centro.

FIRE AT STATE HOSPITAL RESULTS IN SMALL DAMAGE

Employee of Institution Hurt When Hose Gets Away from Firemen

Fire breaking out in the basement of the main building of the state hospital at Talmage last Tuesday night about 10:30 o'clock put the telephone service of the entire building out of commission and for a time threatened to attain serious proportions. About one hundred feet of cable carrying all the telephone wires was destroyed. The blaze is thought to have started from a short circuit in the electric wiring system.

The fire was confined to the basement, and most of the damage, aside from that to the phone wires, resulted from the water.

An alarm was sent in to Ukiah for help and some thirty men went over to help in fighting the fire, but the blaze was under control by the time they arrived.

One of the employees of the institution was struck by the fire hose, which got away from the nozzle men, and received a heavy blow in the face which knocked out four of his teeth and cut a gash in his forehead.

Guy Redwine motored to San Francisco on business Thursday.

W. P. Burke was here from Boonville on business the first of the week.

Ukiah will get some good advertising from this meeting and the thanks of the community are due Mr. Elder for his trouble and the personal expense he has undergone to get the convention for Ukiah.

ROUND VALLEY

Pre-School Conference

COVELO, Apr. 25.—Attention is again being called to the pre-school conference to be held at the grammar school building, Wednesday, May 2, conducted by Dr. Mabel Geddes of the Bureau of Child Hygiene, State Board of Public Health, assisted by Miss Alice Ringheim, county health nurse. The purpose of this conference is to furnish, free of cost, an examination of all children below school age, especially those who are to enter school next fall, that the parent may have an opportunity to have any defects corrected before the child enters school. Tests will be made of hearing, seeing, examination of nose and throat, and teeth, with a study of proper height and weight for the child's age, correct posture, nutrition and all health habits. As announced last week, only two such conferences will be held in this county, and Round valley is indeed fortunate to be given one of them, with the expert advice offered. The all day sessions will begin at 10:00 a. m. and 1:30 p. m. Representatives of the Child Welfare committee of the Women's club will also assist in the work. Mothers are urged to bring their children.

Farm Bureau Meeting

The next meeting of the farm bureau will be held Monday, May 7, at the auditorium. President Biggar announces a program of dairy items. There will be a report of the T. B. tests lately held, and a discussion of the relative value of whole milk vs. skim milk,—whether it is more profitable to sell whole milk or skim the milk at home and feed the skim to pigs. There will also be other interesting features.

W. I. C. MEETING

The Women's Improvement club met at Rohrbough's hall Saturday afternoon, April 21. The main business of the day was the formulating of plans for the May day picnic to be held at Brown's grove on Saturday, May 5. The entertainment feature was in charge of Miss Hicks assisted by Mrs. Ruch, Miss Judge and Miss Hull. The glee club sang "California," which was followed by a one-act play in Spanish. The characters were taken by Miss Ruth Dunlap, Tom Long and Roger Perkins. While the audience was not sufficiently versed in Spanish to follow the lines the action was sufficiently enlightening to portray the story, and the skit was very much enjoyed, indeed. Another meeting will be held Saturday afternoon, April 28, to complete arrangements for the picnic.

May Day Picnic

Plans already announced for the community picnic, sponsored by the flower committee of the W. I. C., to be held at Brown's grove Saturday, May 5, include a grand parade to the grounds, with two officials in charge. On the grounds the interest will center around a voting contest. There will be a program, a Maypole, a May queen, music, dinner, games. Ice cream and homemade candy will be sold, also boxes of lunch for the convenience of any who prefer not to take their own. The proceeds from these sales will be applied to the fund for prizes to be awarded in the Better Homes Surroundings campaign to be put on later.

C. have in view three projects for the spring campaign: (1) To clean dry grass in an effort to avoid fires; (2) The garden contest, and a May day picnic to raise funds for the contest. The contest will include four events: (1) Best box plants; (2) Tidiest premises; (3) Best vegetable garden; (4) Best flower garden. A score card will be furnished all entering the contests. Full publicity will be given all further plans. This project is in charge of Mrs. Robert Redwine, chairman, Mrs. George Biggar, secretary, with an assisting committee composed of Mesdames James O'Ferrall, Sam Gray, Chester, Riffe and Ham.

Educational Week

The local Masons sponsored Educational Week with rather an elaborate program for Tuesday evening, April 24. This public gathering was postponed on account of the prevailing epidemic. The interest of the community in our schools was made manifest, however, in a unique judging contest. Committees from the O. E. S. and W. I. C. were appointed to cooperate with the Masons in observance of the week. The Eastern Star assisted in the preparation of the public program. The W. I. C. committee, headed by Mrs. George Goforth, devised a system of prizes to be awarded the first six grades of the grammar school. On Tuesday afternoon a committee of seven ladies from the W. I. C. visited the different rooms and listened to recitations, offering a small cash prize to each grade for the best performance in the recitation heard. In first grade, Verna McCombs was awarded first in reading; in second grade, Irene Sales, first in arithmetic; in third grade, Gloria Long, first in letter writing; in fourth grade, Virginia Lippert, first in composition. Her subject was "Why I Like to Go to School."

In the fifth and sixth grades, the pupils had prepared flower books. Ralph Long was awarded best in fifth and Phyllis Brush in sixth grade.

The judging committee was: Mesdames Redwine, Bellatti, Lippert, Henderson, Hill, Caldwell, and Alice Long. These ladies also carried with them boxes of home-made candy with the compliments of the club to all the children of the six grades. The ladies of the club made and donated the candy—the children did the rest—with a relish.

Charles Hiatt offered a prize of $5.00 for the best essay on education in the seventh and eighth grades. Donald Conner won this prize. His subject was "Education in California."

The Masonic lodge offered a prize of $10.00 for the best essay on any phase of education written by a high school student. All three English classes have entered this competition. Since the public program has been postponed to a later date the judging of this contest has also been postponed. The prize winning essay and several other honorable mention papers will be read at this program when given.

School Supervisor B. Heryford, of Ukiah, visited the schools here on Tuesday.

Mrs. George Goforth substituted for Mrs. Robinson last week during Mrs. Robinson's absence on account of illness in the home.

Miss Roberta Cary, who has been here since last fall visiting her sister, Mrs. G. M. Biggar, left for her home in Scio, Oregon, yesterday. Miss Cary made many friends during her stay here who sincerely regret her leave-taking and hope for her return at no remote date.

Mendocino Mill Starts Four Day Schedule

Beginning last Monday the mill of the Mendocino Lumber Company began operations on a four day schedule, running Monday, Tuesday, Wednesday and Thursday, closing down on Friday and Saturday until further notice.

This move was made necessary on account of the condition of the lumber market which is stagnant at the present time, causing lumber to accumulate in the local yard until the storage room is pretty well taken up.

Arizona Murderess Former Fort Bragg Resident

Eva Dungan, sentenced to be hanged in Arizona on June 1st for the murder of rancher A. J. Mathis, for whom she acted as housekeeper, is a former Fort Bragg woman, where her husband at one time, it is said, operated a saloon. While she lived in Fort Bragg she was known as Eva Davis. The Sunday Examiner carried a full page illustrated account of the murder which it styled "the perfect crime." The body was buried in the shifting sands of the desert and covered with quicklime, which destroyed all points of recognition save one, the murderess failed to remove her victims false teeth and by these teeth the body was identified. Upon discovery and confronted by this grusome piece of evidence, Eva Dungan confessed her crime, was brought to trial and sentenced to be hanged. She will be the first woman to be hanged in the history of the state of Arizona.

One of the 30,000 California women who cook with electricity

The morning shower refreshed the air. Warm sunshine has dried the grass. It is an afternoon to be outside.

Friends are coming for dinner—four people beside the family! And this woman is spending the afternoon in her garden.

She uses an electric range. The whole dinner was placed in the oven at one o'clock. At four, the electricity turned on and started the meal cooking. A Temperature Control keeps the oven at the proper temperature. At six, the current will turn off. The insulated oven will keep the meal warm until dinner is served.

That is the freedom you'll enjoy with electric cooking.

Why don't you eliminate the monotony of preparing meals by using an electric range? You can see them at our office.

New rates make electric cooking very economical

YOUTHS BANNED FROM SEVERAL OCCUPATIONS

Warning was issued here yesterday by John P. Plover, county probation officer, that all children under the age of 16 who are employed by concerns where the youngsters work in close proximity to moving machinery, or who are employed by building contractors in construction work of any kind, or who deliver goods, merchandise, commodities, papers or packages from motor vehicles, will not be allowed to work in these occupations after May 8, in accordance with a new state law, effective on that date.

Word was received from Walter G. Mathewson, chief of the state bureau of labor statistics and law enforcement yesterday, that all employers who had minors in occupations under the listing would be guilty of a misdemeanor after the date set.

This ruling is aimed primarily at concerns that allow the youngsters to hop off and on moving vehicles in the delivery of milk, papers and packages, and those who permit children to work in hazardous occupations.

The reasons for the passage of the law are given in the explanatory note accompanying the order, which follows: "The occupations are sufficiently dangerous to the lives and limbs, and injurious to the health and morals of children under 16 years of age to justify their exclusion therefrom."

Scores of youths, working on milk wagons and paper routes will be affected by the order.—Santa Rosa Democrat.

Residents of Potter valley in town this week were J. D. Brower, Mr. and Mrs. C. A. Carner, Mrs. R. R. Ingels, Mrs. Covell.

Sheriff Byrnes, Margaret Ford, United in Marriage

Sheriff R. R. Byrnes of Mendocino county, and Margaret Van Dyke Ford were united in marriage Tuesday afternoon at a simple ceremony performed by Rev. L. C. Beasley at the Methodist church. Mrs. Greene Burke and William Gibson were the only witnesses of the ceremony. Plans for the wedding had been kept strictly quiet and only a very few close friends knew about it till after Mr. and Mrs. Byrnes had departed on their honeymoon.

The church was simply but beautifully decorated with baskets of pink roses. The bride, who is one of the most beautiful women in the county, never looked more charming than in a white silk wedding gown with which was worn a large pink picture hat. A corsage bouquet of pink rose buds and maiden hair fern completed the costume. Mrs. Burke wore a pink afternoon gown with pink picture hat. Immediately following the ceremony Sheriff and Mrs. Byrnes left for the south on their honeymoon.

The bride is a daughter of Mr. and Mrs. W. S. Van Dyke and a member of one of the oldest and best known pioneer families of the county. Besides her beauty and charm of manner she is possessed of a very fine soprano voice. Mrs. Byrnes is an active member of Kingsley chapter, Order of Eastern Star.

Sheriff Byrnes is probably better known in northern California than any other person. For nearly twenty years he has held the office of sheriff of this county, winning out at the last election by an overwhelming majority over all other candidates. He has been active in county and state politics and is regarded as a fearless and competent county official.

News of the quiet marriage Tuesday will be of interest throughout the county.

CRITICISMS GOOD

Dr. and Mrs. F. E. Rea went to San Francisco this morning to attend the production of "The Mikado" in which their daughter, Frances, appears as Peep-Bo, one of the "three little maids." Dr. Newell Rea witnessed the premiere of the opera last Monday night.

Critic reports of the Players' Guild performance are most flattering to Miss Rea. She is the only amateur in the cast and was chosen from a large number of applicants not alone for her voice but ability to dance and act. George C. Warren, music critic for the Chronicle says, "Frances Rea was more than satisfactory in the Peep-Bo" and the Bulletin writer says that Miss Frances Rea "was very well cast." Miss Rea's pictures appeared mith the "Mikado" story both in the Chronicle and the Call.

Productions offered by the Players' Guild are the best arranged in San Francisco. The choice of Miss Rea for such a part as Peep-Bo and the criticisms of her work have far excelled the most optimistic views held for her success in so short a time. Miss Rea has been studying in San Francisco less than a year.

DR. SMITH TO ATTEND NATIONAL AND INTERNATIONAL CONVENTIONS

Dr. Donald R. Smith, head of Mendocino State hospital, is going east this summer for a month. He will be accompanied by his daughter, Mary. Dr. Smith plans to leave Ukiah about the 23rd of May. During his absence he will attend a national conference at Atlantic City, which has been called to discuss the treatment of the feeble-minded. This will be attended by authorities on the subject from all over the country.

Dr. Smith will also represent Ukiah Rotary at the International convention of Rotary to be held in Minneapolis, June 17. Representatives of Rotary from all over the world will attend this conference.

Mrs. Donald R. Smith, who has been visiting her sister, Miss Alice Jones in Honolulu, will arrive in San Francisco Tuesday on the homeward trip. Mrs. Smith had planned to return later in the month in company with her sister but Miss Jones' plans have been changed and she is remaining at the islands until September.

CHORAL SECTION LUNCHEON

The choral section of Saturday Afternoon club will enjoy a community luncheon Monday of next week at 1:00 o'clock at the home of Mrs. P. J. Boring on State street. Mrs. W. E. Williams, president of the club, and Mrs. E. W. Stephens, able director of the section, will be the guests of honor at the luncheon. Covers will be laid for 22 members of the choral section which has been the most active of all the club sections.

The luncheon will be served in the banquet hall of the Boring home. The color scheme will be carried out in pink. A program of music will be rendered by Miss Frances Boring and the afternoon will be enjoyed with music and a social hour.

Aside from the individual benefit of the choral work, the section has been most generous in appearing in public. Twice the chorus has sung at St. Mary's Catholic church, twice this year at the Presbyterian church, one at the chamber of commerce dinner and at other public events as well as at club affairs.

As leader of the section Mrs. Stephens has been an inspiration and a most capable and efficient leader. Her work is greatly appreciated by the members of the choral and the club as a group.

A beautiful birthday supper table had been arranged by the hostesses. The color scheme was carried out in pink favors, dainties, napkins and all appointments with the birthday cake as the center of the attraction, made a charming setting.

Mrs. A. E. Gustafson drove to Ukiah Wednesday in company with her daughter. They returned to Oakland yesterday, Mrs. J. W. Eversole going with them. The party will return in a few days to Ukiah, bringing with them Mr. J. W. Eversole, who has been regaining his strength at a sanitarium at Haywards.

Accepts Managership In San Francisco

E. W. Stephens, marketing agent for Mendocino Farm Bureau Marketing Exchange, has accepted the position of general manager of the Stock Show in connection with the San Francisco Union Stock Yard. Mr. Stephens will enter upon his new duties May 15.

The offer of the general managership of the stock show is a most flattering one and a big advance over the marketing exchange work. The position came to Mr. Stephens unsought, through his business connections with the stock yard.

E. W. Stephens has been marketing agent in this county for the past four years and has made the best record that has ever been made in the department. The new position is a big advancement along the same line of work.

Mr. Stephens' headquarters will be in San Francisco and the family home will be somewhere on the Peninsula at Burlingame or San Mateo in all probability. At the close of school in this city Mrs. Stephens will give up their home here and go to her mother's home in Salt Lake for the summer. In the fall they will locate south of San Francisco.

In the four years in which the home has been in this city both Mr. and Mrs. Stephens have entered into social and musical affairs in this city and have made a host of friends who will learn with regret of their plans, while rejoicing in the advancement of Mr. Stephens. Both Mr. and Mrs. Stephens are musical and have been most unselfish in sharing their talents with the community. Mrs. Stephens often with Mr. Stephens accompanying her has been heard throughout the county frequently, and has accompanied Ukiah groups to Santa Rosa and San Francisco giving of her beautiful voice for the advancement or pleasure of community interests. She has been leader and director of the Presbyterian church choir and in conjunction with Mrs. Florine Lynch, leader of the Methodist choir, has given inspiration and trained service to the musical interest of this city. For two years Mrs. Stephens has directed the choral section of Saturday Afternoon club and has brought that organization to where it is recognized as one of four of the leading club choral sections in the state. Mrs. Stephens has been president of Cultus club the past year. Mr. Stephens is an active Rotarian. Both will be greatly missed in the community.

REPORTS ON DISTRICT CONVENTION

Mrs. J. H. Hansen, incoming president of Saturday Afternoon club was the only delegate from Ukiah at the San Francisco district convention held last week in San Francisco. Mrs. Hansen gave a report on the convention before Kosmos club at the luncheon Thursday and will report this afternoon before Saturday Afternoon club.

Hotly Contested

From indications at the district convention the subject of revision is going to be hotly contested at the state convention. Mrs. W. W. Green, state president, referring to the controversy over representation said: "Among the champions, so called of the small clubs, I am probably alone of the leaders, in belonging to a small club." Mrs. Green looks beyond any discussions of the present day to the future of readjustment. "I don't see everything in friction," she said. "I don't care so much what figures indicate in the matter of club reapportionment as I do for the fact that if the majority plan is passed, the federation will hold. There is nothing fairer both for the small and large clubs, than the majority rule. Personal differences and submerged motives have no power over justice and fairness."

Elimination of District

"The next step in club reorganization will be the elimination of the district" was the suggestion of the state president in her talk before the convention. "The natural divisions are the state, which is the chief unit, and the county, which is a political unit. The district is artificial, a barrier, offering too much machinery. The district is itself imposed and must go with the outgrowing of its usefulness. This change is in plain sight."

Outstanding Talks

Outstanding features of the convention were the talks of Governor Young, Hon. John L. McNab, and Dr. Lincoln Wirt. The governor spoke on "Reorganization of the State." John L. McNab spoke of present day life, its laws and ideals. The excessive laws of the country are making them so top heavy that they are losing in respect. Everything today tends to make life be lived on a rapid scale. The speaker advocated the habit of going back for relaxation to old books and old customs, the singing of old time songs and hymns.

Peace

Dr. Lincoln Wirt's talk on "Peace" was very fine. All of Europe, he said, is training for war, all you hear over there is war. America is one of the powers that tends towards peace and the ideal should be kept before the people of this country constantly.

Music and Art

A particularly interesting part of the music of the convention was the presentation by Mrs. Harry C. Roberts, Indian welfare chairman, of Haske-Nas-Wood, a Navajo Indian, who gave in native costume Navajo songs in the native dialect with native music. Mrs. Rose Berry's presentation of the art ideals was very interesting. Everything in life, the speaker said, should conform to artistic standards. The state chairman of art spoke particularly of the wonderful beauties of the northern counties, and urged club women to see them.

One Hundred Delegates Attend Annual Meeting

The annual meeting of the Women's Missionary Societies of the M. E. Church, South, of the Pacific Conference, was held in Ukiah last week, April 17-20 inclusive. The local Federated Methodist Women's Society was the hostess society for the occasion and the sixty-five or seventy delegates and other visitors in Ukiah for the convention expressed themselves as greatly delighted with their entertainment at the hands of this group of women.

The Pacific Conference includes the territory from Fresno north to the state line and the visitors were from the various cities throughout this section. Many of them had never been in this part of the country before and were greatly impressed with the natural attractions of the location as well as with the beautiful little city.

A splendid program had been prepared for the four-days' meeting and this, with few exceptions, was carried out as planned. A number of unusually good speakers were in attendance and the messages they brought were interesting and inspiring. Prominent among these were Mrs. F. F. Stephens, national president of the Woman's Missionary Council of the M. E. Church, South, Mrs. A. P. Parker, a returned missionary from China and Mrs. W. G. Fletcher, conference president of the Woman's Missionary Societies of the M. E. Church, South, of California. Other conference officers were also speakers during the meeting and Rev. L. C. Beasley, pastor of the local church, and Mrs. Martha Toles, president of the local society were on the program for devotional exercises. Under the leadership of Mrs. Florine Lynch, and with Mrs. George Cook as organist, the church choir rendered some splendid music and, at intervals, throughout the meeting, members of the choir were heard in solos, duos and quartettes, which added greatly to the interest of the sessions. Particularly enjoyable were the Negro spirituals sung by Rev. and Mrs. L. C. Beasley. A pageant, "The Torchbearers," under the direction of Mrs. Leila Williams was greatly appreciated.

On behalf of the local churches, fraternal greetings were extended to the visitors as follows: Presbyterian church, Mrs. Lucy Seawell; Christian church, Mrs. A. A. Doak; Methodist church, Mrs. N. Beckley. The response was given by Miss Ethel Jackson, matron of Mary Elizabeth Inn, a home for working girls in San Francisco. It may not be amiss to here state that this home and two splendid boarding homes for students attending the University of California—one for girls and one for boys—were presented to the M. E. Church, South, of California by a wealthy and consecrated Christian woman of that church. The first-named was given as a memorial to her daughter, Mary Elizabeth Glide, and has proved a great boon to working girls in San Francisco.

Speaking on the subject "Working With, Not For," Mrs. Stephens on Tuesday evening gave the opening address of the meeting, following which a reception was tendered her. On Wednesday morning she spoke on the subject, "For It Is the Year of Jubilee." This was followed by recognition of pioneer auxiliaries and members, and at this time Mother Duncan of the local society was conducted to the platform and honored by having two badges pinned upon her. One of these was for the society which was a pioneer society, organized in 1881, and the other for Mother Duncan, herself, the only surviving charter member of the society. As an additional tribute to this honored pioneer mother it seems most appropriate to state here that, for fifty years she taught the infant class in the local Sunday school, and, in one or two instances, taught the grandchildren of some who, many years before, were under her instruction in the infant class.

The church organization now known as the Woman's Missionary Council of the M. E. Church, South, was established fifty years ago, hence this year is known and celebrated in the woman's work of that church as the "Jubilee Year." Mrs. Stephens, who now resides in Nashville, Tennessee, is a native of California and a graduate of Stanford university and her visit to California, at this time, was in the nature of a homecoming. She was the recipient of many courtesies while in Ukiah among them being a flower presentation, on behalf of the local society, by Mrs. Hale McCowen.

Mrs. W. G. Fletcher, who had already served several years as president of the Woman's Societies of the Pacific Conference, was again reelected. Mrs. Fletcher is the wife of Rev. W. G. Fletcher, pastor of the "White Temple," the beautiful house of worship of the M. E. Church, South, in Fresno. With one or two exceptions, all the conference officers were re-elected and in a simple but touching installation service conducted by Mrs. A. P. Parker, were again inducted into their several offices. With renewed zeal and enlarged faith they enter upon the years work, inspired by the determination to make this "Golden Jubilee Year" the best in the history of their work in California.

HISTORY OF AVIATION

The history of aviation and its promise for the future formed the up-to-date topic presented and discussed Tuesday night at the regular meeting of Cultus club. Club members were entertained at the home of Mrs. Floyd Banker.

Papers on aviation were presented by Mrs. Keith Eversole and Mrs. Ewart Mitchell. Mrs. Eversole handled the history of the science from the beginning to the present time, discussing air mail and commercial aviation. School Notes

PRE-SCHOOL EXAMINATION

Dr. Mabel Geddes, field representative of the Bureau of Child Hygiene, State Board of Health, will be the examining physician at the preschool clinic to be held at Ukiah grammar school, Thursday, May 3. Ukiah mothers are asked to make appointments with Miss Catherine Fuller, city nurse, for the morning hours, as the afternoon is being reserved for parents from surrounding districts. All applicants are asked to make appointments with Miss Fuller.

The examinations to be given consist of tests for hearing, seeing, examination of nose and throat, study of proper height and weight for the child's age, examination of teeth, study of posture, nutrition and health habits. Examination is made without cost.

PRIMARY NEXT TUESDAY

The presidential primary will be held next Tuesday and it is to be hoped that a heavy vote will be cast. While there is no contest in the Republican party in this state, this fact should not influence any member of that party from casting his vote. Voting is one of the most important privileges of the American citizen and it is his duty to exercise this privilege.

There will in all probability be as nearly a one-hundred per cent vote polled by the Democrats as has ever occurred in the history of the state, as the Smith, Walsh and Reed factions are at daggers points, with the adherents of all three working tooth and nail to get their following to the polls.

BIG RUN OF TROUT

The run of steelheads this year is said to be the heaviest seen in neighboring streams for years and the outlook is bright fo a fine day's sport on the opening day of the trout season, next Tuesday. Scouts were busy last Sunday inspecting the various streams and all are united in saying that they never before saw so many trout at this time of the year.

Al H. Colludi and Vernon Kessler, of San Francisco, spent last week end in Ukiah visiting friends. Mr. Colludi is well known to many people here as he makes this territory frequently for a well known San Francisco firm.

NEXT THURSDAY DATE FOR PRE-SCHOOL-EX.

Dr. Mabel Geddes to Conduct Free Clinic at Ukiah Grammar School

Next Thursday, May 3, Dr. Mabel Geddes, of the state bureau of child hygiene, will be at the grammar school in Ukiah to conduct a physical examination of all children of pre-school age. The examinations will be held all day, beginning at 9:00 o'cock, lasting until noon, and from 1:30 until 4:00 in the afternoon.

Appointments should be made with Catherine Fuller, public health nurse, and there will be no charge. For appointments phone 536 or 186.

The hundred per cent child is very scarce. How high does your child average? Here are the tests:

Has he:

At least average weight for height; teeth free from decay, clean, not crowded; firm muscles, good color, clear well tanned skin; erect posture, good arches, firm ankles; good appetite, happy disposition; immunization against diphtheria, smallpox, scarlet fever?

Does he:

Dress and undress himself and hang up his clothes; take his own bath, brush his teeth, wash his face and hands; eat regularly not more than three times daily; take willingly 1½ pints milk daily, all kinds of vegetables and cereals; go to bed by 7:00 p. m. and sleep at least 12 hours; put away his toys, and help with the house old tasks?

Do you:

Have him examined regularly by your physician and dentist; teach him reasonable self control and obedience; give him a chance to play out of doors; provide him with constructive toys?

Have you avoided:

Speech defects, nail biting, bed wetting, tantrums, "piecing" or sweets between meals?

ALBION MILL TO CLOSE

The mill of the Albion lumber company will close indefinitely as soon as the supply of logs now on hand is sawed up, according to word received from Albion the early part of the week.

The mill at Mendocino is running only four days a week, and rumor has it that the Greenwood mill also is contemplating a shut-down.

The lumber market is in a precarious state and millions of feet of lumber are stacked in the mill yards for which there is no sale.

INTOXICATED DRIVER HAS LICENSE REVOKED

C. Waymire, who pleaded guilty on the charge of driving while intoxicated, had his license revoked for the period of one year.

Twenty-six arrests were made on account of lights. Other arrests included H. E. Shusta, not giving a signal for turning, and was fined $10.00; F. A. Beck of San Francisco exceeded the county speed limit; D. Andrews ran a truck without a windshield; E. Bernheim of Lake county, was arrested for speeding. He is sixteen years of age. For this reason he was givien a reprimand and placed on probation. Dan Cohen, of Ukiah, was apprehended for speeding.

WILLITS MAN SENTENCED

George King, a service station man at Willits, arrested on a charge of selling intoxicating liquors, entered a plea of guilty in the superior court the latter part of last week and was sentenced by Judge Preston to pay a fine of $400. Under the terms of the judgment, King is to spend 30 days in jail and will get $60 credit on his fine, leaving $340 to pay. His property will then be subject to execution for the remaining $340.

The sentence is a new wrinkle in judgments as previously the custom has been for the fine to be served out at the rate of one day for each $2.00.

WHITE FOLKS LIKE TO ATTEND INDIAN DANCES

It begins to look as if the aborigines, who are exceedingly fond of the white man's dances, will have to put up the bars if they are to enjoy exclusiveness in their occasional indulgences in the waltz, one-step, black-bottom, fox-trot, etc. For a number of white people are beginning to get quite a kick out of attending the Indian dances, although it is said the Indians do not feel particularly complimented by their presence.

If the thing keeps up, we suppose the local papers will have to appoint special representatives to attend these affairs and write them up.

CITY TRUSTEES CONSIDER EXTENSIVE PAVING PLANS

The city trustees met last Monday evening to receive the protests against the proposed street paving. A number of protests were filed and the entire matter was put over until May 7.

The board has decided to enter upon a rather ambitious program of paving, contemplating the paving of four miles of the streets of this city and extending through a period of four years. Among the projects contemplated are the paving of Main street, Dora from the hospital to Grove, Perkins to the foothills, Clay, Smith to the new depot site, remaining portions of School from Henry to Clay, Scott, Pine from Scott to Grove, Grove from Pine to the city park, and possibly Walnut, besides several others as yet to be determined on.

The board's idea is for the city to pay half and the property owners the other half of the cost.

In order to ascertain the attitude of the citizens in regard to the proposition, the board passed the following resolution:

RESOLVED, that the City Council determine upon a street improvement program to extend over a period of four years from this time, and that said program embrace the paving of four miles of streets in the city, the construction of curbs and gutters along said streets to be paved, the installation of water, sewer and gas pipes where the same do not now exist within the territory to be paved, and the replacing of existing water, sewer and gas pipes where necessary within said territory to be paved; and that the expense of all of said work be borne by an improvement district embracing the property to be benefitted thereby.

RESOLVED, also, that notice of the adoption of this resolution be given by publication in the newspapers of this city, and also by mailing with his utility bill for April, 1928, a similar notice to each rate-payer.

RESOLVED, also, that the city council consider the matter of street improvement at its regular meeting on May 7, and that all persons interested be invited by the foregoing notice to attend said meeting and express their views.

FACTS ABOUT TELEPHONE

A new direct Long Distance telephone circuit has been opened between Memphis and New York City. Heretofore it was necessary to switch all calls between the two cities by way of St. Louis.

There are 1,111 Smiths listed in the Cleveland, O., telephone directory. The Smiths lead the list, followed by the Browns, who are credited with 538 listings. Then come the Johnsons and Joneses.

There is more than 4,750,000 miles of Bell System telephone transmission wire in the state of Pennsylvania. Of this wire mileage, almost a million miles are used for toll and Long Distance calls.

The Marcus, Ia., telephone switchboard has had one or more girls of the same family serving as operators for the past sixteen years, two of the four Toomey sisters being now in the employ of the company.

A new telephone cable is to be laid this summer between Finland and Sweden. The cable will be 85 nautical miles in length and will run from Norrtalje, Sweden, to Mariehamm, Aland Islands, and thence to Abo, Finland.

The new telephone building to be erected in Denver, Colo., will be Denver's largest and tallest skyscraper. It will not be completed before 1929, but will rise to a height of 210 feet, with fifteen stories above the sidewalk and two below the level.

STUDENT MUSICIANS TO GIVE DRESS REHEARSAL

High School Band and Orchestra and Grammar School Orchestra Play

The Ukiah public is to be given the privilege of hearing the "dress rehearsal" of Ukiah high school orchestra and band and Class C orchestra from Ukiah grammar school to be given the night before these organizations enter the contest at Santa Rosa.

Thursday night, May 3, in the grammar school auditorium the numbers will be presented by the orchestras and bands which the following day will be relied upon to bring the local organizations to the front ranks in the district.

The new uniforms recently purchased for the high school band will be worn at the rehearsal, Thursday night, May 3, for the first time, and another interesting surprise is being kept a secret from the audience.

E. J. Anderson, leader and director, is relying upon the enthusiasm and support of the people of Ukiah to give the young people entering the contest the final encouragement which will do much to carry them on to victory. Faithful work has been accomplished to perfect the numbers to be played at the contests and it is expected that the auditorium will be filled to its utmost capacity to hear the program to be presented. Nothing but the contest numbers will be given and the program will not be long.

Shool musicians from eleven schools north of the bay will enter the contests to be held in the high school auditorium in Santa Rosa, afternoon and evening of May 4. A parade by the bands will precede the contest.

To date the following schools have entered the contest: Bands—Tamalpais, Ukiah; Fort Bragg, Santa Rosa, Lakeport, Armijo, Vallejo, Petaluma, Upper Lake. Orchestras—Santa Rosa, Tamalpais, San Rafael, Sebastopol, Armijo, Fort Bragg, Ukiah, Vallejo, Lakeport, Petaluma, Calistoga. Following the contest a concert will be given by a "masked" band of 150 pieces.

NEW CASES AND NOTES FROM CLERK'S OFFICE

A divorce complaint has been filed by Wendla Ackerman against Alfred Ackerman on grounds of extreme cruelty. The couple was married October 29, 1921, and separated April 18, 1928. There are two minor children.

Through George Redwine, W. B. Evans has filed a complaint to foreclose a mortgage for $850 against Charles W. Donnelly.

Through Lewis D. Mooney, Eva O. Walker has filed a complaint in divorce against Simeon Walker, alleging wilful desertion. The couple was married January 23, 1924, and separated December 13, 1926. There are no children.

A petition has been filed to set aside exempt property in the estate of the late Carl P. Higgins to the widow. The exempt property consists of an insurance policy for $1,500.

SCOUTING

In the annual report of the national council of Boy Scouts of America for 1927, Chief Scout Executive Walter Head gave honorable mention to Troop 24 of Ukiah in connection with certain commendable community projects and also stressed their activity in the promotion of other scout troops.

Ukiah scouts are again on the job, for, through their efforts, Calpella is to have a scout troop of its own. Twenty boys have already enrolled with the following committee of Calpella business men sponsoring the organization:

Messrs. Beals, Fulwider, Baker and Bull with James Riesland selected as scoutmaster.

This troop will meet regularly in Calpella hall through the courtesy of Mr. Lenard. Ukiah Troop No. 24, under its able leadership, is certainly to be commended upon its many and constructive activities.

It is also worthy of note in connection with the varied interests shown by Ukiah scouts and their leaders that A. L. Tracy in company with scouts and leaders of this section will attend the Willits court of honor to be held on Monday, April 2.

DEATH OF DONALD BROWN BRINGS SORROW TO FRIENDS

News of the death of Donald Brown, which was contained in a brief message to local relatives early last week, has brought genuine sorrow and regret to a multitude of friends of the deceased in Mendocino county.

Donald Brown was a native of this county, being born at Ten Mile, near Fort Bragg, in 1885. He spent his early life on the coast, later moving to Ukiah, where he was married to Miss Maude Weger, daughter of the late Assemblyman Frank E. Weger. He spent some fifteen years here, moving to Sacramento about four years ago. At the time of his death he was engaged in conducting a service station in Sacramento and was doing exceptionally well.

His death occurred on April 16, following an operation for appendicitis, and was due to the reaction following the effect of the anaesthetic.

The funeral was held on the 18th and the remains were cremated at the East Lawn cemtery in Sacramento. Rev. Govette, who performed the wedding ceremony for Mr. and Mrs. Brown, officiated at the funeral.

He leaves a sister, Mrs. Hazel McBride, and three brothers, Earl, Wallace and Robert Brown.

Donald Brown had a multitude of friends as every one who knew him loved him for his bright and sunny disposition and his quick, kindly, ever-ready repartee. He never had an enemy, for he did by others as he wished to be done by. His death is genuinely mourned and the sincerest sympathy is extended to the widow and other relatives.

WORLD'S MASTER OF ACCORDION HEADS PROGRAM AT STATE TUESDAY EVG.

Deiro, the greatest master of the accordion in the world is the headliner for the program at the State theate next Tuesday night. Deiro is, without qualification, the greatest artist in his line in the world. He is a headliner in every theatre where he has ever played and for years was one of the Columbia recording stars. He will present a repertoire of numbers, popular, classical and orchestral. Deiro is a Broadway star of note and you can't afford to miss his performance, which will be a real treat.

Illmo and Marguerite, in comedy and variety bits, are a neat appearing couple with a series of bird, animal and mechanical imitations with a touch of comedy, finishing with some clever whistling.

Al and Louise Walker "Eccentric Steppers," are a young couple with a comedy dancing act, big shoes and eccentric steps that are decidedly different from the ordinary run. This is a very pleasing act.

Arturo Aquiler, Spanish tenor, is another of the very enjoyable acts billed for that evening. Arturo has a very pleasing voice of remarkable range and flexibility and his singing is said to have been accorded encore after encore wherever he has appeared.

Samplers First Made for Use as Patterns

The sampler is one of the oldest compositions in needlecraft. It made its appearance early in the Sixteenth century. It was then called "samcloth," and came into popular use because of the "great scarcity and high price of lace-pattern books," so we are informed by an old authority on the subject. All the earliest laces and openwork embroideries, such as cutwork, reticella, drawn-thread work, and so on, were copied on these "samcloths" by those who had not money to purchase the rare and expensive pattern-books; hence the sampler was originally made for the purpose of obtaining and keeping a worthwhile design, or one that appealed to the worker. Later, when the sources of pattern-supply became more plentiful and less expensive, so that the original service of the sampler was no longer of value, it was then made "to exhibit the skill of the embroiderer," usually a pupil at school, and was often framed and hung up to display to admiring friends. Indeed, no young lady's education during the Seventeenth and Eighteenth centuries was considered quite complete until she had "embroidered in silks and gold thread a sampler with a bordering of drawn-thread and a center filled with representations of animals, flowers and trees, accompanied by verses appropriate to the undertaking."

Heaters for the Ocean

Artificial heating of the ocean is to be tried out at Westerland, Germany, a popular seaside resort, in order to provide all-the-year-round bathing. Huge electric heaters will be installed to raise the water's temperature and rob a winter dip of its chill. Heated bathing cabins and covered ways leading to the water, says Popular Science Monthly, will be provided for the bathers' comfort.
